

Partners in Association Management Makes Top 100 Best Companies List for 2017

(July 20, 2017) — Partners in Association Management was recently named one of Florida's *Best Companies To Work For* by *Florida Trend Magazine*. Partners in Association Management ranked #15 in the Small Company Category. The firm is a six time winner.

To participate, companies or government entities had to employ at least 15 workers in Florida and have been in operation at least one year. Companies that chose to participate underwent an evaluation of their workplace policies, practices, philosophy, systems and demographics. The process also included a survey to measure employee satisfaction. The combined scores determined the top companies and the final ranking.

"The best companies obviously provide strong pay and benefits to their employees, but they also offer fun diversions such as ice cream socials, holiday parties and field days," says Florida Trend Publisher Andy Corty, "And these top companies encourage employees to participate in the organization's overall success with training and open communications."

"Our entire staff is honored to be recognized for our continual focus on providing a positive workplace environment. As a small business, we understand the true value of every employee. They are the reason for our success as a company." says, Bennett Napier, CAE, President/CEO of Partners.

The *Best Companies To Work For In Florida* program was created by *Florida Trend* and Best Companies Group and is endorsed by the HR Florida State Council. Best Companies Group managed the registration, survey and analysis and determined the final rankings.
