Partners in Association Management Selected to Seminole 100

TALLAHASSEE, Fla. – Partners in Association Management, located in Tallahassee, Florida was named to Florida State University’s inaugural Seminole 100 during a ceremony on March 3, 2018 at FSU’s University Center Club in Doak Campbell Stadium.

Presented by FSU, the Jim Moran Institute for Global Entrepreneurship, the FSU Alumni Association and *Inc.* Magazine, the Seminole 100 recognized the 100 fastest-growing businesses owned by FSU alumni. *Inc.* Magazine, using the criteria they developed for their annual Inc. 5000 list, calculated each company’s compounded annual growth rate (CAGR) over the past three years to generate the ranking.

President/CEO of Partners, Bennett Napier, CAE received a Master’s of Science in Applied American Politics and Policy from Florida State University.

“The Seminole 100 is an important initiative that recognizes entrepreneurial excellence,” said Randy Blass, Executive Director of the Jim Moran Institute for Global Entrepreneurship. “It is open to any and all companies founded or run by FSU alumni, and recognizes those who are achieving growth, innovating, and making a difference in their communities.”

To qualify for the Seminole 100, companies must have been in business for at least three years and generated revenue by March 3, 2013. Additionally, the business must be privately held, for profit, based in the U.S. and be owned or majority managed by an FSU alum.

Partners in Association Management is an accredited professional services firm that serves as the operational headquarters for over twenty state, regional and national trade associations and professional societies.
